Re: Woodward Academy Athletic Complex

Dear Mr. Barden

The Woodward Academy Athletic project was one of the most pleasing projects I have been part of. I can honestly say that the reason for this was due to the management, efficiency, and quality that Tebarco Mechanical brought into the project. Questions and concerns were brought to the immediate attention of the project team with the forethought to avoid problems and maintain the design intent.

I look forward to the next project where Tebarco is part of the construction team. Thank you.

Sincerely,
